

## **Nonspecific Release**

**In cases of emergency whereby a teen requires intervention from an unanticipated resource (for example: Detox, Police, Shelter for Runaway Youth, Etcetera); it is helpful to have a nonspecific release of information form signed by the parent. This then allows for Therapeutic Services Agency, Inc.(TSA) staff to respond appropriately in conjunction with verbal consultation with the teen=s parent. This form will be used ONLY WHEN necessary AND with the parents verbal permission IN CASES OF EMERGENCY.**
